

REMARKS

Applicant requests reconsideration and further examination of this application.

Applicant appreciates the allowance of Claims 1-4, 8, 9, 10 and 12.

Clerical amendments only are made to the Abstract, The Description, and Claims 2, 3, 10 and 12. Specifically, clerical amendments are made to insert the issued patent number (U.S. Patent No. 7,004,597) into the priority information at the beginning of the Description; clerical amendments are made to the Abstract, the Description and the Claims to substitute the descriptive term “stun” for the trademark “taser”; and clerical amendments are made to the Abstract to remove the word “invention”. No new matter has been added.

Claims 5, 6 and 13 have been canceled, as they are previously-unselected, withdrawn claims. Also, Claims 7 and 11 have been cancelled, so the Section 103(c) rejections are moot.

Applicant now believes the application is in condition for allowance and respectfully requests the same.

Respectfully submitted,
